

THALITA FURNO

Actuary

thalita.furno@milliman.com

Current Responsibility

Thalita Furno is an actuary in the health practice of Milliman's Brasil office. She joined the firm in early 2019.

Professional Work Experience

Thalita has four years of actuarial experience in the market. Her experience gained during these years includes analysis and database reviews for assumptions and underwriting, calculation of annual risk pool readjustments, analysis of financial guarantees including calculation of provisions, development of tools to assist clients, and other actuarial studies.

Thalita's knowledge of the health market and its regulatory practices is of great benefit to clients. She also assists in the pricing of health plans in accordance with rules and resolutions and in the preparation of Technical Notes.
